

Origami envelope

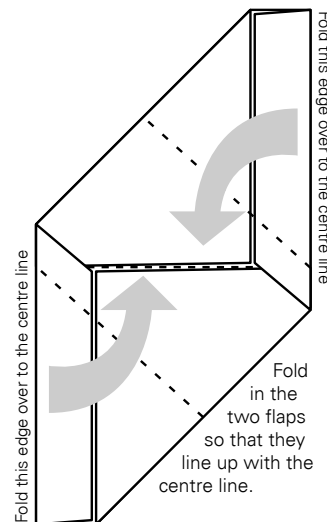

Starting with a piece of A4 paper. Fold the paper in half horizontally and make a crisp crease. This is your centre line. Open up the paper again.

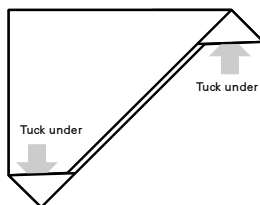

Fold over the two diagonals carefully lining up the edges with the centre line.

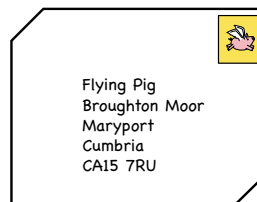

Fold in the two sides so that they line up with the edge marked on the picture.

Fold in the two flaps so that they line up with the centre line.

Tuck the ends of the two flaps into the two small pockets. That's it. Turn your envelope over and write your address.

Be recursive! Print out these instructions, Make them into an envelope and post them to a friend.
